

LONDON PERL WORKSHOP 2011

The United Kingdom's Perl Workshop

What is it?

The London Perl Workshop is a free one-day conference in central London, UK. LPW is the UK's Premier Perl Event and so is also known as the United Kingdom Perl Workshop (UKPW). In 2011 it will be held on Saturday 12th November at Westminster University's New Cavendish Campus.

Who can attend?

If you are new to the Perl language, or are a practitioner of another programming language then we would love to welcome you to the London Perl Workshop this year. We would also like to welcome those of you taking your first steps into the higher languages and to programming, come along to a conference that embraces newbies, be prepared for spirited debate and to have your understanding stretched, but in a friendly way with a beer and a cake of choice :).

What do you mean by free?

The London Perl Workshop is a free event and when we say "free" we do mean "free as in Beer". There are: free attendance, free sponsor goodies, free coffee/cakes in the morning, free presentations by world-renowned speakers and new speakers, free workshops (see next section) and then free beer (usually 1-3+ rounds dependent on number of attendees) and food at the social event after the conference.
